Re: U.S. Patent Application Serial No. 09/925,059 filed August 8, 2001 for
IMAGE INTENSIFIER AND LWIR FUSION/COMBINATION SYSTEM
Our Docket ZYB 0001 PA/40893.3

Dear Evan:

As you instructed in our meeting of January 6, 2005, we have filed a petition for a one-month extension of time in the above-noted application (copy enclosed). Accordingly, the new due date for responding to the Office Action in the application is January 28, 2005.

As you further instructed, we have also filed a "Revocation of Power of Attorney" in the application (copy enclosed). Accordingly, you now have the sole responsibility of preparing and filing a response to the Office Action of September 28, 2004. We have previously sent you copies of all of the formal documents in the application. Please correspond directly with the patent office in this matter. All future correspondence from the Patent Office will go directly to your Beavercreek address.

As I indicated earlier, by revoking our power of attorney in the application, our firm no longer has any responsibility with regard to prosecuting, monitoring, or attending in any way to the prosecution of the above-noted patent application.

Please let me know if this letter is in any way inconsistent with your wishes.

Best Regards,

James E. Beyer
